

# Organization:

To do this Project, basicly we organized in the next way:

Each class we would advance on the Project and at the end, give each one of ourselves some work to do at home.

Next, i'll detail what it is that each of us did:

Ivan:

- Controls
- tile code
- Project organization
- Bug fixes
- Graphics pick
- Phisics implementation

Bernat:

- Animation code
- Animation tiles
- Bug fixes
- Graphics pick
- Phisics implementation
